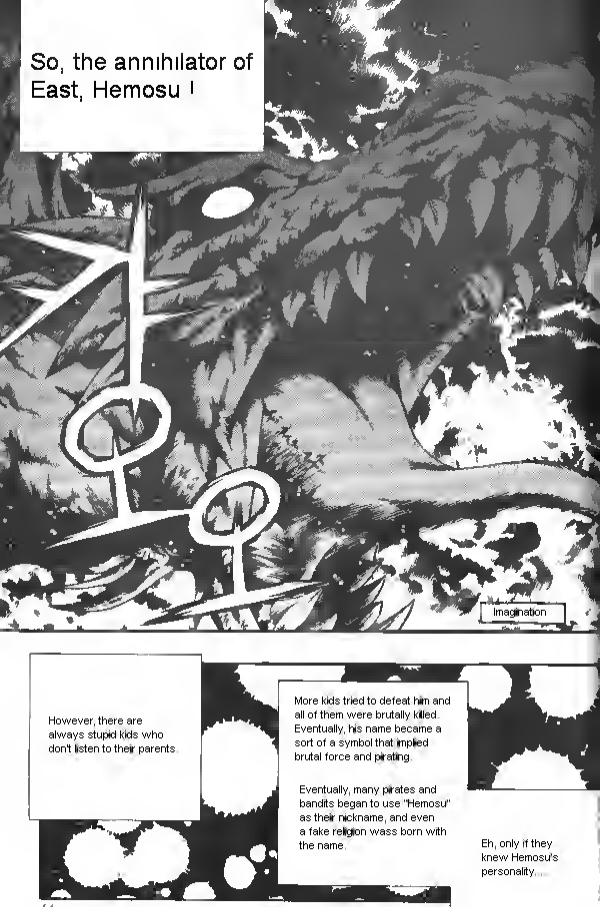
The annihilator
Of east
62
Hemosu ?
쌰아아

There are four creatures whose or g nal purpose s to protect the world
However ther r mmortality has tw sted the r presonality beyond extreme
As result they have been noth ng but threats to the world
Among them there s one who used to sit on a top of a tall mountain and locked itself out of any contacts
Unl ke the three other creatures who rather enjoyed co ex st with human be ngs, th s one had ns sted on k lling everyone and everyth ng that entered its doma n



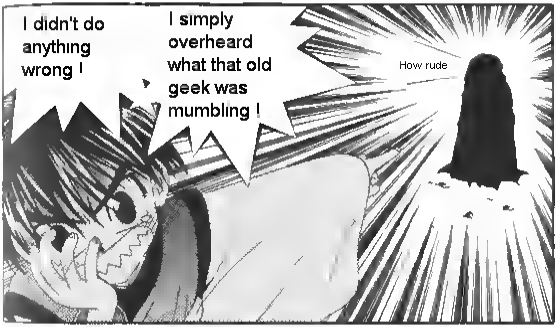
So, the annihilator of East, Hemosu !
Imagination
However, there are always stupid kids who don't listen to their parents.
More kids tried to defeat him and all of them were brutally killed. Eventually, his name became a sort of a symbol that implied brutal force and pirating.
Eventually, many pirates and bandits began to use "Hemosu" as their nickname, and even a fake religion wass born with the name.
Eh, only if they knew Hemosu's personality....

So
Hemosu s a dragon s name
But if it s so there are already
three dragons over there

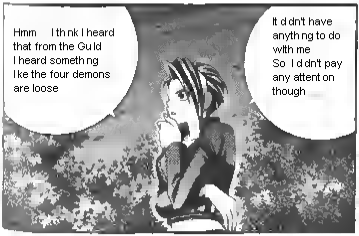
D dn't I tell you?
Ondal ?!
Hemosu is a
dragon !

The annihilator of
East, Hemosu ~

Ahhhhh
Do you know what you've done ?
That's a classified secret
You can lose your life over this !



I didn't do anything wrong !
I simply overheard what that old geek was mumbling !
How rude



Hmm I think I heard that from the Guild I heard something like the four demons are loose
It didn't have anything to do with me So I didn't pay any attention though

So

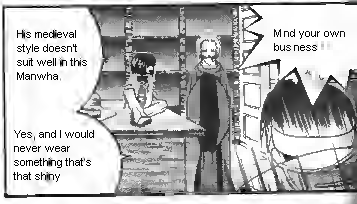
He is the blue dragon ?!

Ondal Ondal you do see that thing on his chest right ?
Yep and I don't think that's doing any good

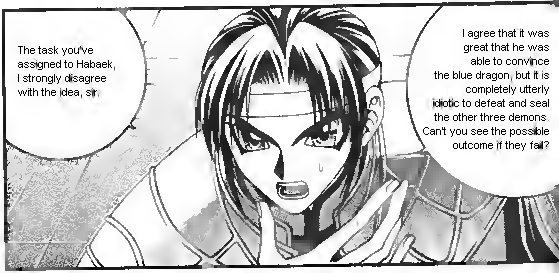
It was hard for me to believe as well.
I was able to control such a powerful creature with just one talisman..

Now that I've gotten th's beast under my control
You crazed geek you've chosen the worst creature to be your pet !
He's right ! And I will not accept that you are my mother !
What the hell are you talking about ?! Did you even listen to what I said ?!
Shut up, you old mother geek ! Why don't you just live peacefully, old man !
Don't call me "old man" !!
I used to be ...

I used to be a handsome man !
Lord Tangun I have a matter to discuss with you sir !



His medieval style doesn't suit well in this Manwha.
Yes, and I would never wear something that's that shiny
Mind your own business !!



The task you've assigned to Habaek, I strongly disagree with the idea, sir.
I agree that it was great that he was able to convince the blue dragon, but it is completely utterly idiotic to defeat and seal the other three demons. Can't you see the possible outcome if they fail?

www.janimes.com

Lord Tangunnnnnn !
Get him out of here !
Hah~, can I take his position as the master mage ?
You were a fool to d sobey a dctator
We are in the same division ! How could you do this to me !

Not only that he has turned me into this ugly midget !
